Brisbane Signs - Welcome to Signman Says

Signman Says is Brisbane's premier sign maker. We have a proven track record of success when it comes to designing, manufacturing, installing and repairing signs of all types.

Our team of sign makers are very experienced and highly qualified professionals. They make best use of their capabilities at the Signman Says state-of-the-art production facility to produce quality signs that exceed our clients' expectations.

We have proudly worked with some of Australia's largest businesses, rolling out signs nationally, and we're just as proud to have worked with small traders with a single site and small requirement.

Our success in signs comes from our ability to get your message across – clearly, boldly and cost effectively. We also take away the hassle for you, thanks to our start to finish approach.

ABOUT US

Innovative, Dynamic, Constructive, Motivated.

Signman Says offers a dedicated team of highly professional and experienced staff that strive for innovative and high quality results in all we do.

We have a tight knit team with many years combined knowledge of the signage industry and associated fields.

At Signman Says we believe that anything can be achieved through team cohesion and communication. Not only do we pride ourselves on the quality of service we provide to our clients - we also take pride in ensuring that our internal dynamics promote quality output that benefits everyone involved.

An important aspect of who we are and what we do involves staying ahead of the game. We are constantly expanding our technical skills, as well as staying inline with the ongoing advances in technology, products and application techniques. We ensure we stay on top – so you do to!

We take pride in the knowledge that our reputation precedes us. Our client relationships have been cultivated and maintained over the years and continue to result in ongoing repeat business. This is a true testament to our quality and a reflection of our commitment to our work and our clients.

Signman Says will focus on creating solutions and streamlining projects to ensure maximum efficiency and quality. We love what we do and the results reflect just that.

LIGHTBOXES & ILLUMINATED SIGNS BRISBANE

Don't leave your customers in the dark! Brighten up your appeal with a light box or illuminated sign from Signman Says. They're perfect for displaying your business name, a special offer or an eye-catching image.

Light boxes commonly consist of an aluminium box frame with a light inside to illuminate the acrylic face of the box. The depth of the frame can be 120mm, 150mm or 200mm depending upon whether the light box is single or double sided.

The aluminium frame is available in a powder coated finish – the powder coating comes in most colours. Larger light boxes can be constructed using a clad aluminium frame to deliver extra strength and durability.

Signman Says light boxes are internally illuminated using energy efficient and very cost effective daylight fluorescent tubes.

Our light box faces are long lasting and designed to be high impact. Choose an opal acrylic face and we'll attach digitally printed translucent adhesive vinyl or translucent adhesive [vinyl lettering](#) to it. Alternatively, choose a translucent flex face – it can be directly digitally printed or have translucent adhesive vinyl lettering applied.

[Contact us](#) to discuss your needs or [request a quote](#) - all quotes are given freely and without obligation.

aluminium lightbox with acrylic faces fitted with translucent vinyl artwork.
